

POLARIS™

NATURAL SPRING WATER

PRODUCT OVERVIEW

At Polaris Water we believe in keeping things simple and pure. That's why we produce one thing – premium Natural Spring Water. Our water is sourced from a location high in the Coast Mountains of Canada where there is an absence of industry. There is little need for processing because our water is near perfection in its natural state.

Polaris Water is pure refreshment.

PRODUCT PACKAGING DETAILS (PET)

We understand that exceptional water must be packaged in the highest quality bottle to ensure product integrity. That's why we use plastic that is Bisphenol-A free. Our bottle is made using PET, recycle symbol 1 plastic, the world's most viable plastic for recycling.

QUALITY

Our state-of-the-art bottling facility permits us to observe the strictest standards of production. Nothing is ever added or removed from our Natural Spring Water, giving you the closest possible experience to drinking directly from the source.
