

**POLARIS**<sup>TM</sup>  
NATURAL SPRING WATER

# PRIVATE LABEL WATER

100% Pure Canadian Natural Spring Water

## PRODUCT OVERVIEW

At Polaris Water we produce one thing - premium Natural Spring Water. And the water we bottle is exceptional. Our remote source is located high in the Coast Mountains in Canada. The area surrounding our water source is pristine wilderness without any industry or development. This remote location provides a secure and natural protection ensuring purity in each bottle of Polaris Water.

Polaris Water is pure refreshment.

## QUALITY

Our state-of-the-art bottling facility permits us to observe the strictest standards of production. Nothing is ever added or removed from our Natural Spring Water, giving you the closest possible experience to drinking directly from the source.

## PRODUCT PACKAGING DETAILS (PET)

At Polaris Water we understand that exceptional water must be packaged in the highest quality bottle to ensure product integrity. That's why we use plastic that is Bisphenol-A free. Our bottle is made using PET, recycle symbol 1 plastic, the world's most viable plastic for recycling.

## AWARDS

Canadian Bottled Water Association  
Excellence in Manufacturing in 2011, 2012, and 2013.

Polaris Water has proven experience exporting its Canadian Natural Spring Water globally from its state-of-the-art bottling facility in British Columbia. Our remote source is located high in the Coast Mountains north of Whistler, Canada and the area surrounding our water source is pristine wilderness. Polaris Water contains less than 40 P.P.M. of total dissolved mineral salts contributing to its overall pure, fresh and exceptionally clean taste.
